

1. I am a K-LOVE listener in the Albuquerque, NM area. My radio in my car is on this station exclusively. It would very upsetting to not have the option of listening to Christian/non-advertised radio. This station provides listening that is free of vulgarity and merchandising and the strong message of Christian values with an emphasis on a God loving and family centered way of life. Please do not displace this important vehicle for good wholesome listening by an LPFM broadcaster that provides other programming. Sincerely, Jill Saugen (wife, mother and working Electrical Engineering Manager)
